

TIRES FOR **PASSENGER CARS**

www.fate.com.ar

fate 

EXIMIA by Pininfarina Sport

Designed to meet the highest standards of automobiles both in aspects of security and comfort as well as handling. It is a balanced and safe tire, that transmits this to the driver at all driving circumstances. Eximia by Pininfarina Sport is a design destined to vehicles of high benefits.

BENEFITS

- ▶ Excellent adherent in dry and wet pavement.
- ▶ Robust to bare the demands of our roads.
- ▶ Safety gear.
- ▶ Asymmetric design.

EXIMIA by Pininfarina Green

Designed to meet the highest standards of automobiles both in aspects of security and comfort as well as handling. It is a balanced and safe tire, that transmits this to the driver at all driving circumstances. Eximia by Pininfarina Green counts with the new technology “Green System” found within the so call green and ecologic tires. Its distinctive characteristic is the low value of resistance to breakage.

BENEFITS

- ▶ Excellent adherent in dry and wet pavement.
- ▶ Robust to bare the demands of our roads.
- ▶ Safety gear.
- ▶ Asymmetric design.

EXIMIA AR-620

Directional design, developed for an optimal control even in extreme conditions. With an ultra sensitive directional design, Eximia AR-620 assure absolute stability in maximum speed, solid grip on wet surfaces, superior braking ability and outstanding management. These are some of the features that make AR-620 Eximia the indicated tire for drivers who want to experience a sporty and secure ride

BENEFITS

- ▶ Tire treads with sophisticated and innovating design.
- ▶ Perfect stability. And superior braking capacity.
- ▶ Quick and accurate driving response.
- ▶ Outstanding scanning for maximum water drainage.

SENTIVA AR-360

The exact balance between comfortable ride and high mileage performance makes this tire the great choice for those who seek perfection in driving. Its design ensures an excellent mileage performance and a very comfortable ride. The Dual Traction System technology assigns a function to each sector of the tread. It has an asymmetric design.

BENEFITS

- ▶ Robust external shoulder for better grip on curves.
- ▶ Interior shoulder with greater capacity for water drainage.
- ▶ Solid exterior rib that gives accurate driving in straight.
- ▶ Three large longitudinal channels for water discharge.

PRESTIVA

A balanced tire that provides the maximum security and reliability, meeting the requirements of durability and comfort of speed on a segment dominated by particular users. An updated pallet of products for a market in constant evolution.

BENEFITS

- ▶ Excellent mileage.
- ▶ Double waist of steel cords.
- ▶ Comfortable driving.

ADVANCE AR-550

Directional design constructed with the exclusive technology SST® - Safety Speed Technology - for an optimal control and maneuverability at high speeds. With its aggressive directional design and innovation

BENEFITS

- ▶ Design of directional wheel for a sporty drive.
- ▶ Exclusive design of sides.
- ▶ Excellent performance at high speeds.
- ▶ Low noise level for a more enjoyable driving.

ADVANCE AR-35

Designed with the exclusive Advance® technology to obtain a great balance of qualities that ensure major comfort and reliable and quiet ride, granting the user the highest mileage performance.

BENEFITS

- ▶ Optimal steering responds and traction
- ▶ Excellent water drainage that prevents aquaplaning.
- ▶ Performance in all seasons.
- ▶ Rated as "M + S" for mud/snow.

AR-300

Balanced design that combines high mileage performance and driving with low noise. The AR-300 tire is characterized by providing a perfect balance of comfort and stability.

BENEFITS

- ▶ Reduced noise levels.
- ▶ Excellent steering response and traction on dry and wet pavement.
- ▶ Reduced braking distances on wet pavement.
- ▶ Rated "M + S" for mud/snow.
